

WILSON SAYS STRIKING MINERS IMPERIL COAL SUPPLY AND OWN CAUSE

Men Are Urged to Return to Work at Once With Promise That Joint Conference of Joint Scale Committees Will be Held.

WASHINGTON, July 30.—President Wilson, thru the United Mine Workers of America, tonight appealed to striking mine laborers in Illinois and Indiana to return to work.

Inequalities in the existing wage scale—held by strike leaders to be the cause of the walkout which has closed most of the bituminous mines in the two states—may exist, the president said. He added that he could not recommend correction of any inequalities until the strikers returned to their jobs but when they did so he would invite the joint scale committee of operators and miners to meet for the purpose of adjusting any such inequalities.

Studied Coal Report

The president issued his appeal as a telegram to the United Mine Workers, after he had studied a report on the coal situation by Secretary of Labor Wilson. Reports of the United Mine Workers, particularly in Illinois, the president said, he had received with a feeling of regret and sorrow.

He declared he was distressed not only because failure to mine coal in accordance with the existing contract would result in suffering during the coming winter, but also because the violation of the terms of your solemn obligation impairs your good name, destroys the confidence which is the basis of all mutual agreement and threatens the very foundation of fair industrial relations.

Pointing out that the United Mine Workers constituted the largest single labor organization in the world, the president said, "no organization could long endure if it sets up its own strength as being superior to its plighted faith or its duty to society at large."

His telegram says:

"It is with a feeling of profound regret and sorrow that I have learned that many of the members of your organization, particularly in the state of Illinois, have engaged in a strike in violation of the terms of the award of the bituminous coal committee and your agreement with the government that the findings of the commission would be accepted by you as final and binding. No government, no employer, no person having any reputation to protect can afford to enter into contractual relation with any organization which systematically or repeatedly violates its contracts.

"The United Mine Workers of America has in the past built up an enviable reputation for abiding by its contracts, which has been one of its most valuable assets in making wage agreements. It may now make temporary gains by taking advantage of the disruption of the balance of the people thru the violation of these contracts but what of the future? How can it expect wage contracts with the employers to be continued, in the face of such violations, when normal conditions have been restored and the country is free from the immediate shortage of coal?

Follow Dangerous Course

"How will it be able to resist the claims of the operators in the future to take advantage of the precedent which the miners have established and decrease wage rates in the middle of a wage contract under the plea that they are unable to sell the coal at the then existing cost of production. A mere statement of these questions ought to be sufficient to awaken the mine workers to the dangerous course they are pursuing and the injuries they are inflicting upon themselves and the country at large by the adoption of these unwarranted strike policies."

Farrington Not Pleased

Springfield, Ill., July 30.—President Frank Farrington of the Illinois Miners' Union had nothing to say tonight when told that President Wilson had offered to invite a meeting of the joint scale committee of miners and operators to adjust wage inequalities, if the miners would return to work.

"I don't think much of it," he said.

In his statement of several days ago President Farrington declared the coal miners about "fed up on appeals" from the president.

THREE KILLED IN AUTO ACCIDENT

Philadelphia, July 30.—Two men and a woman were killed and another woman seriously injured early today when their automobile ran into a building, rebounded against a freight car and then struck a pole and overturned. The collision with the pole smashed the car.

EX-SERVICE MEN WILL MAN MACHINE GUNS IN CANTU'S ARMY

Governor of Lower California Prepares to Resist Invasion

RECRUITS ARE BEING DRILLED FOR BATTLE

MEXICALI, Lower California, July 30.—Governor Esteban Cantu's action terminating relations with the Mexican provisional government and reports that American ex-service men were to serve machine guns for the Cantu forces were the outstanding features tonight in the situation here arising out of the announced intention of the provisional government to wrest control of Lower California from Governor Cantu.

It was said by officers of the Cantu forces that sufficient American veterans had crossed the international boundary line from Calexico to serve the twenty machine guns said to be part of the equipment of the Cantu army. Preparations to resist the invasion which Governor Cantu had announced was to be made by Mexican federal soldiers continued rapidly. Recruits who have enlisted here were drilled today and Governor Cantu expressed confidence he would have an army of sufficient strength to resist any troops that might attack.

FRANK BROOKE IS ASSASSIN'S VICTIM

Wealthy Country Gentleman Killed in Dublin—Men Who Did Shooting Escape

Dublin, July 30.—Frank Brooke, wealthy country gentleman, close friend of Viscount French, the Irish lieutenant and a member of a committee on Irish reconstruction appointed last year by the viceroy, was assassinated today. He was killed in the director's room of the Dublin and Southeastern railway in Westland Row where he had gone to attend a meeting of the board of directors.

Three assassins entered the room and fired, one of the shots entered Brooke's lungs. He died immediately. The assassins escaped.

ST. LOUIS INDUSTRIES FACE COAL FAMINE

St. Louis, Mo., July 30.—The municipal emergency coal committee tonight announced that numerous industries had complained that their coal supplies would be exhausted within the next 24 hours, as a result of the miners' strike, unless relief was forthcoming.

The board of police commissioners notified all policemen to watch coal deliveries in an effort to ascertain whether dealers were complying with the request that only deliveries approved by the committee be made. Deliveries to non-essential industries are not being approved.

MISSOURI REPUBLICANS ENDORSE TICKET

St. Louis, July 30.—The Association of Missouri Republicans, which was formed for the announced purpose of effecting a clean-up in the party last night issued sample ballots endorsing candidates for national, state and city offices. The senatorial candidates endorsed are, Wright P. Davis and J. L. Minnis, for governor, the association endorses Arthur M. Hyde.

CHURCH IS THE BENEFICIARY IN WILL

Burlington, Ia., July 30.—The Cumberland Presbyterian church of the United States is the beneficiary in the sum of \$100,000 in the will of John T. Laughlin, Des Moines county farmer.

U. S. CHAMBER OF COMMERCE DECLARES RIGHT OF OPEN SHOP

Think Strikes in Public Operations Should be Forbidden

ALL MEN POSSESS EQUAL RIGHTS

WASHINGTON, July 30.—By an overwhelming referendum vote the membership of the chamber of commerce of the United States has adopted a platform on industrial relations which among other things declares for the right of "open shop" operation of industry and for making labor organizations the same as organizations of employers legally responsible to others for their conduct and more of their agents.

Answering two questions submitted at the same time the members took a position that strikes in public utility operation should be forbidden by law and that tribunals should be set up with power to fix wages and working conditions for employees of utilities. The results of both votes were made public today by the chamber.

The industrial relations platform drawn up by a committee of which William Butterworth, president of Deere & Co., Moline, Ill., was chairman.

Leading provisions include declarations that limitation of commodity output by either employer or employee when done to create an artificial scarcity constitutes an injury to society; that an adequate means should be provided for adjustment of industrial relations and disputes; and that "all men possess the equal right to associate voluntarily for the accomplishment of lawful purposes by lawful means."

The premier touched on the difficulty of finding the necessary troops and officers for carrying out a military policy in Ireland under conditions worse and more trying to men's nerves than the late war.

"We are doing our best," he continued, "but we want recruits. We want officers. We want a thousand to put down this conspiracy."

Mr. Lloyd George concluded by contending that there was need for a side-by-side policy for enforcing the law and for a policy of granting Ireland any measure of liberty and self-government consistent with the supremacy and security of the United Kingdom.

Springfield, Ill., July 30.—James E. MacMurray, Republican candidate to fill out the unexpired term of Senator Morton D. Hull of the Fifth District, Chicago, filed a second petition today following the ruling by Attorney General Brundage that petitions to special elections must not be filed before the call for the election goes out.

Calls for special elections name successors to Senator Hull and Senator Adam Cliffe, Syracuse, of the Thirty-Fifth District were sent out by Governor Lowden today. Under this ruling Harry G. Wright of DeKalb who has filed to succeed Senator Cliffe, must file again. The petition of William H. Miller, Thompson faction Republican, of Champlain, filed today. Other petitions filed were of Jesse H. Jackson, Republican, fourth district, Chicago; and James H. Daly, Democrat, 29th district, Chicago, both for state representative.

AUDITORS WORKING ON PONZI'S BOOKS

BOSTON, Mass., July 30.—The federal government's investigation of the financial methods of Charles Ponzi, who claims to have made millions by his dealings in international exchange, was officially started today when auditors working under United States Attorney Gallagher, began examination of his books and records to determine whether he is solvent. It is expected to take three or four days after which, according to Ponzi he will re-open his offices.

Ponzi declared tonight his assets were far in excess of his liabilities. He said also he would hold another conference tomorrow with the New York bankers who are said to have offered him \$100,000,000 for his business. He added that he thought he would decline the offer.

LOUISVILLE BASE BALL PLAYER SUSPENDED

Louisville, Ky., July 30.—The Louisville American Association base ball club last night announced the indefinite suspension of Center Fielder William Lamar as a result of a fight encounter he had yesterday with Right Fielder Massey during the game between Louisville and St. Paul.

IOWA MAN ISSUES STATEMENT

Albia, Ia., July 30.—N. E. Kendall of Albia, Republican nominee for governor, definitely removed himself from consideration now or at any future time in connection with the office of United States senator by issuing a statement today announcing that on no account will he become a candidate for the senate.

Eagle Pass, Texas, July 30.

All personal loans obtained by Francisco Villa, bandit leader who recently surrendered to the Mexican provisional government, will be paid by the government, it was learned unofficially here today. The loans amount to \$400,000 Mexican.

UNIONIST WILL TALK OF IRELAND WITH LLOYD GEORGE

Call Sinn Fein Movement Part of World Wide Conspiracy

PREMIER ANXIOUS FOR RIGHT REMEDY

LONDON, July 30.—By The Associated Press.—An official report concerning the reception Thursday by Premier Lloyd George of a deputation of Unionist peers and members of the house of commons for discussion of Ireland, shows that the chief spokesmen were the Duke of Northumberland and Sir Edward Carson both of whom emphasized that the Sinn Fein was part of a world-wide conspiracy in which Bolshevism and German revenge were playing an active part aiming at the destruction of Great Britain. The duke of Northumberland alluded to an alliance between the Sinn Fein and Bolshevism.

Propaganda Bureaus
Sir Edward Carson elaborated his theme of the existence in the United States and other parts of the world of propaganda bureaus representing the discontented people of Egypt, India and Ireland. He argued that it was from the time that Frank P. Walsh of the Indian propaganda bureau in America, "came to Ireland last year that the Sinn Fein became unmanageable in a conspiracy," which he said would eventually beat the British government.

Premier Lloyd George expressed disappointment that the deputation had failed to suggest possible remedies for the situation in Ireland. He agreed there was Bolshevist support behind anti-British activities in Ireland and said he would not be surprised if there also was Bolshevist money. "But," he added, "we would make a mistake if we came to the conclusion that the Sinn Fein is purely a Bolshevist conspiracy against Great Britain."

Must Observe Law
The premier touched on the difficulty of finding the necessary troops and officers for carrying out a military policy in Ireland under conditions worse and more trying to men's nerves than the late war.

"We are doing our best," he continued, "but we want recruits. We want officers. We want a thousand to put down this conspiracy."

Mr. Lloyd George concluded by contending that there was need for a side-by-side policy for enforcing the law and for a policy of granting Ireland any measure of liberty and self-government consistent with the supremacy and security of the United Kingdom.

Several objectionable aspects of the recent wage award by the railroad labor board in Chicago were discussed by the heads of the four big railroad brotherhoods at a formal action postponed until a meeting to be held here in two weeks.

It was announced by W. G. Lee, president of the Brotherhood of Railroad Trainmen that membership in that organization is increasing at the rate of 100 to 125 per day. The heads of three other brotherhoods also reported increases.

The officials attribute it to the better wages that are now being paid as a result of the recently announced new wage scale.

ELECTRIC RAILWAY MEN ELECT OFFICERS

SPRINGFIELD, Ill., July 30.—E. M. Walker, of Terre Haute, Ind., vice president of the Terre Haute and Western Railway, which operates in Illinois and Indiana, was elected president of the Illinois Electric Railway association at its annual convention here today. Other officers named are as follows:

Vice President, A. D. Mackie, Springfield, W. L. Arnold, Chicago; Secretary, Robert V. Rath, Chicago; Treasurer, J. R. Blackhall, Chicago.

CLOTHING PRICES HAVE REACHED PEAK

Chicago, July 30.—Prices for ready-to-wear garments have reached their peak and started to decline according to members of the ready-to-wear association that began a 10-days' exhibition here today.

The association is composed of makers of ready-to-wear garments for women and children. The buyers attending the exhibit are smaller merchants from middle western cities.

ANNOUNCES COMING OF ARCHBISHOP MANNIX

London, July 30.—The chairman of the Irish Vigilance society in Great Britain at a meeting today announced that Archbishop Mannix of Australia would be accompanied to the British Isles from the United States by an unnamed distinguished compatriot. He added that Archbishop Mannix and his companion would arrive in a manner that would "astonish the enemy" and create amusing gossip for the world.

DEMOCRATIC STAND ON LEAGUE OF NATIONS SOUGHT BY HARDING

Asks Governor Cox for Specifications of His Party's Stand

POWERFUL INTERESTS TO CONTRIBUTE FUND

MARION, Ohio, July 30.—Senator Harding prefaced his front porch campaign tonight with a public statement again asking Governor Cox for specifications of the Democratic stand on the league of nations and charging that certain "powerful international interests" concerned in President Wilson's foreign policy were preparing to finance liberally the Democratic campaign. He declared it had become apparent the Democratic managers hoped to keep the league in the background as a political issue, but he promised they would not be permitted to do so.

"The more the Democrats attempt to get away from this issue," he said, "the more insistent the country will be to know what they intend to do if they are entrusted with the administration."

Referring to the conference at Dayton yesterday between Governor Cox and Senator Walsh of Massachusetts, Senator Harding said it was evident they had not agreed on article ten and that Governor Cox was standing by the president for ratification of the league without essential modification. The statement also rapped George H. White, Democratic national chairman for his criticism of the Republican plan to hold campaign contributions to \$1,000 each and predicted that by November the country would show its disapproval of unlimited campaign funds.

"Undoubtedly it is quite true," he continued, "that certain powerful international interests are prepared to contribute most liberally to the Democratic funds. Undoubtedly it is true, too, that without such contributions the Democrats would find it very difficult to raise the funds they need."

The candidate did not reveal tonight whether he would make the league issue a feature of his front porch address here tomorrow, but those in his confidence said he was prepared to follow up the fight with other public utterances in the near future.

Tomorrow's address which will open formally the front porch campaign is to be delivered to a delegation from Mansfield, Ohio, and it has been indicated that it would be a general discussion of several issues.

RAILROAD MEN DEFER ACTION

Will Wait Two Weeks Before Taking Formal Action of Wage Award—Report Increases in Membership of Organization.

Cleveland, O., July 30.—Altho several objectionable aspects of the recent wage award by the railroad labor board in Chicago were discussed by the heads of the four big railroad brotherhoods at a formal action postponed until a meeting to be held here in two weeks.

It was announced by W. G. Lee, president of the Brotherhood of Railroad Trainmen that membership in that organization is increasing at the rate of 100 to 125 per day. The heads of three other brotherhoods also reported increases.

The officials attribute it to the better wages that are now being paid as a result of the recently announced new wage scale.

FARMERS ASK TO HAVE RESTRICTIONS MODIFIED

LANSING, Mich., July 30.—The American Farm Bureau Federation plans to ask the department of justice to modify restrictions on the packing industry under which the packers were forced a few months ago to discontinue wholesaling of products other than meats and meat products, according to an announcement at the Michigan Farm Bureau headquarters today. The restrictions, the bureau's announcement said, had all but eliminated competition in certain commodities thereby greatly reducing prices paid farmers while prices to consumers had remained virtually unchanged. The condition it was said, applied particularly to canned fruits and vegetables.

GENEVA SCHOOL GIRL INMATES CHOP WOOD

Aurora, Ill., July 30.—Girls at the big state school at Geneva, Ill., went forth as wood choppers today, laughing and singing as they entered upon their tasks. A lark for the school which is running short off cash and has no definite supply in sight for the winter.

The wood, the girls cut, is to be used as a reserve fuel supply unless necessity compels its use as a first line of defense. Before the girls set about their work, trees are felled by men in near groves.

The wood chopping idea is that of Mrs. Hayes, superintendent of the school.

HOSPITAL INMATE KILLS EMPLOYEE

Clarinda, Ia., July 30.—Ellis Bell, a supervisor at the state insane hospital here was killed today when attacked by a inmate of the institution, known as Dr. Dosh, 75 years old. The patient is said to have cut Bell's throat with a razor.

HAM LEWIS DRAFTED BY DEMOCRATS TO LEAD FORLORN HOPE

Name Full State Ticket to Run With Senator Lewis

ENDORSED WILSON ADMINISTRATION

SPRINGFIELD, Ill., July 30.—Former United States Senator James Hamilton Lewis was drafted at a caucus of Democrats from every county in the state here this afternoon to be their candidate for governor. His name, which heads a complete state ticket selected by the conference, was greeted by prolonged applause and was adopted to head the state by an overwhelming vote. The rest of the slate follows:

United States Senator—P. A. Waller, Kewanee.

Lieutenant Governor—Walter Williams, Benton.

Secretary of State—Daniel W. Vorhees, Peoria.

Attorney General—James T. Burns, Kankakee.

Treasurer—William Ryan, Jr., Danville.

State Auditor—James J. Brady, Oak Park.

Clerk of the Supreme Court—George F. Johnson, East Moline.

Congressman-at-large—C. S. Schneider, Patton and William M. Volz, Millstadt.

Selection of Senator Lewis by the conference as a whole was followed by a committee meeting of representatives from each congressional district which named the remainder of the slate.

Judge E. C. Kramer was chairman and Andrew Tufts of Centralia was secretary of the committee. Their slate was approved unanimously. Senator Lewis did not attend the conference but his consent to make the race was conveyed by George F. Lewis, Mr. Brennan said.

Mr. Brennan said, "I told him he had refused appointments under President Wilson and wanted no public office, appointed or elective, but if the down state Democracy unanimously joined with Cook county in their desire that he make the fight he would obey."

Leaders of the meeting today declared his requirements satisfied. They predicted victory at the polls if the senator to pacify all elements of the party were appointed, speakers pointing to the discussion in the Republican party as adding their cause and serving as an example for Democrats to avoid.

Ernest Hoover of Taylorville, chairman of the Democratic state central committee, presided. He urged the conferees to return to their counties and immediately start re-organization of the Democratic central committees. Confusion rules in many communities he said, because of the ruling of the supreme court which killed the primary law.

The meeting, which had been called by the state chairman at the San Francisco convention, adjourned with the noisy adoption of Congressman Eliza Williams' motion, "commending and approving" the administration of President Woodrow Wilson.

FARMERS ASK TO HAVE RESTRICTIONS MODIFIED

LANSING, Mich., July 30.—The American Farm Bureau Federation plans to ask the department of justice to modify restrictions on the packing industry under which the packers were forced a few months ago to discontinue wholesaling of products other than meats and meat products, according to an announcement at the Michigan Farm Bureau headquarters today. The restrictions, the bureau's announcement said, had all but eliminated competition in certain commodities thereby greatly reducing prices paid farmers while prices to consumers had remained virtually unchanged. The condition it was said, applied particularly to canned fruits and vegetables.

OVER WORK CAUSE OF MYSTERIOUS CONFESSION

NEW YORK, July 30.—Over work in college studies—this was advanced tonight as the explanation of the mysterious "confession" last night by Robert Baron that he had killed the Rochester policeman for whose death Elmer Hyatt earlier in the evening was electrocuted at Sing Sing prison.

After Baron had admitted that his confession was a hoax, his brother A. P. Barranco said "Baron's real name was Francis M. Barranco, a former college instructor and that when he had returned recently to Brooklyn from Cuba his family had been disturbed by certain peculiarities in his conduct."

The wood chopping idea is that of Mrs. Hayes, superintendent of the school.

KILLED BY SENTRY

Galveston, Texas, July 30.—Herbert A. Robertson, a Veteran of the World War and captain of the local company of national guardsmen which was shortly to go on duty here with other state troops under the command of General J. F. Walters, was shot and killed early this morning by a sentry at the national guard camp.

LEWIS WILL ORDER ALL MINERS BACK TO WORK PENDING CONFERENCE

United Mine Workers Head Says President Wilson's Suggestion Will Appeal to Every Right Thinking Man—Scores Farrington for His Attitude in Present Controversy

INDIANAPOLIS, Ind., July 30.—In compliance with the wishes of President Wilson, John Lewis, president of the United Mine Workers of America, will issue a mandatory order instructing all miners now on strike in Indiana and Illinois to immediately return to work, so as to permit the normal operation of the mines, it was announced at miners' national headquarters here tonight.

The statement was issued after a conference had reported favorably on the president's telegram, which was received here tonight.

CANDIDATE OF THIRD PARTY INTERVIEWS HIMSELF ON ISSUES

Christensen Candidate for President Expresses Views

THREATENS TO INVADE TENNESSEE

NEW YORK, July 30.—The league of nations is "nothing more than an attempt to establish an international bankers' soviet," according to Parley P. Christensen, presidential nominee of the third, or Farmer-Labor party, who discussed his views on national and international affairs here today.

"The league of nations is a dead issue," he said. "If it were not I should want to kill it."

Endorsement of Irish freedom was another point upon which the third party candidate expressed himself in a formal statement.

"I am one of those who is sufficiently interested in the principle of human freedom to come out squarely for recognition of the Irish republic," he said.

Referring to the attempts of Governor Cox and Senator Harding to persuade Tennessee to pass the equal suffrage law, he said: "If Cox and Harding can't get ratification I'll go down and try the rebels myself."

Mr. Christensen charged that "there is a plot now on between the reactionaries of the Republican and Democratic parties to stifle ratification of the nineteenth amendment by the necessary thirty-sixth state."

Third party leaders, conferring at a local hotel announced today they are making progress in whipping into shape plans for a national campaign. The conference will be in session several days.

RAILROADS' COAL SUPPLY IS VERY SHORT

Wabash and Chicago and Alton Must Curtail Service Unless Fuel is Obtained Speedily.

Springfield, Ill., July 30.—Railroads running thru Springfield have a two days' supply of coal on hand and no prospects of more. Making this announcement tonight the Wabash railroad and the Chicago & Alton representatives said they saw a far-reaching curtailment of service immediately ahead of them and until coal could be gotten from other states probable stoppage of nearly all traffic.

The Wabash railroad announced it had confiscated seventy five carloads of coal earlier in the strike but that that supply had dwindled down until now only a two days' supply was on hand.

President Frank Farrington of the miners' union announced the miners at Peru which had returned to work, had done so at his command, at the urgent request of utilities companies at Peru and state institutions.

FOREST FIRE SITUATION BECOMING SERIOUS

Missoula, Mont., July 30.—The forest fire situation in Western Montana and Northern Idaho is becoming serious, forestry officials reported today. Lightning was responsible for scores of fires last night, they said.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Generally fair Saturday and Sunday, cooler extreme north portion Saturday and in the north and central portions Saturday night.

Temperatures
The current, maximum and minimum temperatures as recorded Friday were:

Jacksonville, Ill.	85	95	63
Boston	72	84	64
Buffalo	70	76	65
New York	76	80	67
New Orleans	82	86	70

St. Louis	76	86	66
Omaha	86	92	70
Minneapolis	76	84	70
Helena	78	82	64
San Francisco	66	70	62

The statement says:
"I am profoundly impressed by the president's telegram. The fairness of his statement must be apparent to everyone with respect for constituted authority or the least regard for the public welfare. His suggestions will be approved by every right thinking and loyal member of the United Mine Workers of America and will be considered as a stinging rebuke to men of the type of Frank Farrington who has deliberately and maliciously incited men to disregard their contract obligations to the detriment of themselves and the inconvenience of the nation. Public castigation of such leaders cannot be too severe."

Will Issue Order
"Up to this time the Illinois coal operators have not requested this office to enforce the validity of the wage agreement in that state. I intend, however, in compliance with the wishes of the president to immediately issue a mandatory order instructing and directing all miners now on strike in Illinois and Indiana to immediately return to work so as to permit the normal operation of the mines. Compliance with this order will pave the way for the calling of a wage conference as suggested by the president for the consideration of inequalities in the agreement."

EXPECT DECISION ON RATE INCREASE
Washington, July 30.—Decision is expected to be handed down early next week by the interstate commerce commission on the applications of the railroads for a general increase in freight rates of approximately 37 per cent and an advance in passenger fares of 20 per cent.

The decision is understood to have been sent to the printer today but it is not thought it will be ready for distribution before Monday.

Increases to be granted it is believed by railroad and shipping experts here will approximate 35 per cent on freight and about one half cent a mile on passenger fares.

The original requests filed soon after enactment of the transportation act which provides that the railroads shall receive a six per cent return on their properties, were for increases in freight rates averaging 28 per cent.

Later, however, to meet the added expenses created by the railroad labor board's award the roads asked for a further increase.

COLORADO DEMOCRATS SELECTED CANDIDATES
Denver, Colo., July 30.—Robert Higgins of Denver, former state treasurer and James W. Collins of Weld county, the latter designated by both the non-partisan league and the farmer-labor party for governor, were selected shortly after mid-night last night as the Democratic candidates for governor at the state session here.

INQUEST IN DEATH OF EDMUND HILLS

Inquiry Made Into Death of Lynville Man Who Died of Tetanus—Jury Returned Verdict in Accordance with Facts.

Coroner Rose empaneled a jury and inquired into the death of Adam Edmund Hills which occurred at Passavant hospital Thursday.

Mr. Hills' death resulted from tetanus caused by injuries received in being thrown from a wagon when a team ran away on July 19.

Dr. David Reid who attended Mr. Hills was the only witness. Mr. Hills went to Dr. Reid's office on July 24, several days after the accident. Dr. Reid told of the treatment he gave and said he told Mr. Hills he wished he had seen the injury sooner.

Mr. Hills called up and asked him to come out to his farm home and see him. Witness said he found his jaws set and face somewhat swollen. He brought him to Passavant hospital where Dr. Black was called in consultation. Dr. Reid said that Mr. Hills grew suddenly worse Thursday and convulsions set in. Tetanus was the cause of death.

The jury was composed of J. L. Teymen, foreman; Roy Tholen, Martin Cosgriff, George Corbridge, Eli McLaughlin and R. L. Sorrells. After hearing the testimony of Dr. Reid the jury returned a verdict in accordance with the facts as brought out.

CHICAGO CHILDREN STOP ENROUTE HOME

Group Which Has Been at Pleasant Hill Changed Trains Here Friday — Were Well Behaved Children.

Yesterday a group of Chicago children who have been on an outing at Pleasant Hill for the past two weeks stopped in Jacksonville to change trains.

There were fifteen in the party, another party of sixteen returned to Chicago from Pleasant Hill yesterday. The children were each tagged with a red tag giving their name, the name of the people where they had been staying and directions to put them off at the union station if they became separated from their group.

They came in on the noon C. & A. and ate their lunches in the open lot west of Glenn Cannon's lunchroom. The people with whom the children had visited had furnished them with lunch and Mr. Cannon brought out a pair of ice water which was appreciated. They went on to Chicago on the 2:20 C. and A. The group was remarkably well behaved and the woman in charge had no trouble whatever with her fifteen charges.

The children had enjoyed their vacation to the utmost and while some of them were anxious to get home to their mothers, others would have liked to stay longer.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Bluebelle Blue Flame Oil Stoves

Every Vital Feature in the construction of an Oil Stove has been carefully worked out in the Bluebelle. There is nothing complicated to get out of order; nothing hard to understand to operate it properly.

Color Blue except Stove Top which is Black. Beautifully decorated.

Heavy Burners are drawn with Top Flanges down, which throw off the burnt wick particles or food stuffs that might boil over.

Sprockets on a Heavy Stem mounted in a Brass Sprocket Case which is absolutely accurate, insure positive engagement of Perforated Wick Carrier, making stripping or sticking of wick impossible.

Chimneys.—Blended Blue and White Enamel.

Patented High Wick Limits or Fingers are provided on the Inner Combustion Tubes which are engaged by the Wick when turned at full burning height. These fingers automatically trim the Wick when the Chimney is revolved.

Legs Cast Iron, Blue Enamelled, making the stove very rigid.

Leak Proof Joints. The Oil Supply Pipe is threaded into a Heavy Cast Iron Oil Bowl and then galvanized hot, making them absolutely oil tight. The Burner Nipples are first threaded into Supply Pipe and then carefully soldered.

The Intense Blue Flame plays right against the cooking utensils, giving quicker results and using less oil than most other stoves.

Tanks.—Flint Glass, One Gallon capacity.

SHOCK ABSORBERS FOR FALSE TEETH

Cleveland, Apr. 2.—Non-Skid Shock Absorbers for false teeth are the latest thing. Heretofore the principle of shock absorbers has been limited in application but now a Cleveland chemical concern advertises a powder which sprinkled upon "store teeth," forms a smooth cushion, holds them firmly in place, and gives a non-skid effect while they romp over the toughest roasting ears of corn and chew the stickiest candy.

One who has lost his natural teeth can supply himself with this antiseptic, adhesive comfort powder—Coraga—at a drug store, and proceed to laugh and sneeze, crack nuts and do other hazardous things without risk of shaking his prized false teeth from their upper and lower berths. 35c at Druggists.—Adv.

GOVERNOR COX IS CHAMPION OPTIMIST OF UNITED STATES

Believes That He Will Be Elected President Next November

BIG TIME ENJOYED AT DAYTON HOMECOMING

DAYTON, O., July 30.—Belief that he would be elected president was expressed by Governor Cox today in an address at the home coming celebration here over his nomination.

After standing two hours under a burning sun reviewing a parade, crowds stormed the reviewing stand and insisted upon a brief address. Thanking his audience, Governor Cox said:

"I just said to a gentleman from Washington that it would appear to be a reflection on one's judgment to desire to leave Dayton and live in any other place. Yet somehow I have a feeling that I am going to reside in the house which you yourselves own. As the future tenant of those premises I promise to take good care of it."

To another crowd he said jocularly:

"I invite you all to come and see me in Washington."

The governor's brief addresses were not scheduled among the day's events. It was "Jimmy" Cox day in Dayton.

"Hello Jimmy," was the salutation shouted at the governor by hundreds of the paraders. "Three cheers for Jimmy," and "Hi Jimmy, I'll see you in the white house," were other greetings.

The governor waving a handkerchief and applauding each group responded in kind. "I have seen men who followed my standard for 12 years who gave me confidence in 1908," said the governor in his brief address. "I am prouder to have held it than to have inspired it at the outset. It shall be my aim at all times to justify the confidence you have evidenced this afternoon."

WASHINGTON, July 30.—The Pittsburgh and Shawmut railway was awarded \$635,622 a year as compensation from the government for the period it was under federal control, today by interstate commerce commission's referees. The road had claimed compensation at the rate of \$73,072 a year and the railroad administration contended that just compensation should not be in excess of \$425,305 a year.

CHILD'S FUNERAL HELD AT BLUFFS

Ralph Major Who Died in Chambersburg Interred in Bluffs — Other News Notes.

Bluffs, July 29.—Ralph Major aged 5 years, who died at his home in Chambersburg Sunday from an attack of malarial fever was laid to rest in the cemetery in Naples Sunday. A three year old sister is also seriously ill.

H. J. Brown, Chicago, and H. S. Greenwalt, York, Pa., arrived from Chapin in army airplanes Tuesday evening and landed in the field just north of town. They came for a two-fold purpose, viz: Advertising a Republican campaign and to carry passengers.

News. Ralph Warren made the first trip. About 150 people quickly gathered at the point of landing. A third plane joined them Wednesday noon bringing over one passenger, Miss Pearl Phillips. The planes remained until Wednesday evening but little interest was taken and only a few availed themselves of the opportunity of an aerial trip.

Mrs. Marie Hale and son Vernon of Chestnut arrived from Decatur the first of the week for a visit with friends.

The W. F. M. S. met with Mrs. John Adkins Wednesday afternoon. Eleven members and one visitor being present. After the regular session refreshments were served by the hostess. The last meeting for the year will be held in September and an open meeting is being planned. The August meeting will be a variation in the form of a picnic. No program will be arranged.

Miss Bessie Allen of Chicago is the guest of friends in town.

Mrs. Mose Woods has returned from the Kennibrew Sanatorium in Jacksonville where she underwent an operation for mastoid abscess.

Victor Knoeppel has a fine new delivery car to replace the one damaged by being left on the Wash tracks several days ago.

Mrs. Thomas McCullom and baby have returned to their home in St. Louis after a week's visit with relatives.

The chautauqua will be held Aug. 21st, 22nd and 23rd of August. Heretofore a chautauqua in Bluffs has been a losing proposition for those who financed the affair.

ALBION, N. Y., July 30.—Harry Van Velekyer, a Kalamazoo, Mich. real estate man, was instantly killed and his wife received injuries from which she died when their automobile crashed into a tree near here today. Their son, Claude, 7, was injured, but is expected to recover.

MILWAUKEE, Wis., July 30.—An association of Wisconsin business and professional men to work for the betterment of the state public schools has been formed.

BELFAST, July 30.—Masked men held up the railway officials at Newton Butler, county. Fermanagh, last night and kidnapped the guard of a freight train.

BELFAST, July 30.—Charlton Ford, erected in the reign of Queen Elizabeth on the first entry of English soldiers into Tyrone, was burned by armed raiders today.

DUBLIN, July 30.—A resolution introduced in the council of the chamber of commerce for a measure providing for complete self-government for Ireland has created much interest as the chamber, which represents all large business interests of the city includes at least 90 per cent Unionists.

WASHINGTON, July 30.—The Pittsburgh and Shawmut railway was awarded \$635,622 a year as compensation from the government for the period it was under federal control, today by interstate commerce commission's referees. The road had claimed compensation at the rate of \$73,072 a year and the railroad administration contended that just compensation should not be in excess of \$425,305 a year.

OPERATORS REFUSE TO MEET MINERS FOR CONFERENCE

Illinois Association Cannot Act Except by U. S. Suggestion

MUST RESUME WORK BEFORE CONFERENCES

CHICAGO, July 30.—Coal operators of Illinois today telegraphed John L. Lewis, president of the United Mine Workers of America, refusing his request for a joint meeting of the operators' and miners' scale committees in an effort to settle the present strike of day men in the Illinois mines. The operators said they could enter into no negotiations unless Washington authorities who were responsible for the existing contract authorized the meeting.

Men Must Return to Work.

They also said they would not meet the miners' officials so long as the miners remain on strike. The operators requested that Mr. Lewis insist his men return to work and abide by the contract until federal officials hear the men's grievances. The message was signed by E. C. Searle, president of the Illinois Coal Operators Association; H. C. Adams, president of the Central Illinois Operators' Association and L. F. Lugmarch, president of the Coal Operators' association of the fifth and ninth Illinois districts.

Mr. Searle said the situation was entirely in the hands of the government. All mines in Illinois are shut down today, reports say.

In Government Hands.

The scale committee of the central competitive field, which met here today adjourned after discussing the strike situation without taking any action.

Decision of the Illinois operators to refuse Mr. Lewis' request for a conference closes the case, so far as the operators are concerned for the present. The Indiana operators took similar action and the mine owners of Ohio and Pennsylvania are understood here to concur in the decision.

The next move, Mr. Searls said tonight, must come from the government. The operators' scale committee he said no longer could function, as the government commission which fixed the existing contract rate between the operators and miners took over the powers of the scale board. There is no way, he said for the men and employers to get together except thru government arbitration.

Washington, July 30.—The new boundary line between Poland and Czechoslovakia in the districts of Teschen Spis and Orava will be fixed in accordance with the decision reached by the council of ambassadors at Spa and after certain modifications suggested by the American state department had been agreed to it was announced today by the state department. The next agreement will make unnecessary the holding of a plebiscite.

HOYNE TURNS OUT MURDER SUSPECTS

Chicago, July 30.—Jail gates swung open today for "Big Tim" Murphy; Vincenzo Cosmano and Michael Carozzo, suspected of plotting the death of Maurice Z. "Mossy" Enright, a labor leader, who was killed by a shot from an automobile as he drove up in front of his home last February.

State's Attorney Hoyne dismissed prosecution of the trio with leave to reinstate because he was unable to produce two of the state's best witnesses, who had vanished.

DELEGATES ARRIVE

Geneva, July 30.—Two hundred delegates including two from the United States are here ready for the opening of the International Socialist conference tomorrow. It is expected the attitude of Nikolai Lenin, Russian soviet premier, toward the second inter-

nationale and responsibility for the war will be the storm center.

SOLDIERS INJURED

Dublin, July 30.—Three soldiers and three Sinn Feiners were wounded last night when a body of the latter disarmed a detachment of military police in the heart of Dublin. The coup was said to have been the most audacious and spectacular that the Sinn Feiners have accomplished in disarming the military.

Springfield, Ill., July 30.—"Raise more pigs," is the advice given Illinois farmers by W. H. Van Meter, of Williamsville, a central Illinois breeder.

"I have just covered most of the territory in Illinois and eastern Iowa," Mr. Van Meter said, "and was surprised to see so few pigs in the herds of many breeders and farmers."

OPERATORS REFUSE TO MEET MINERS FOR CONFERENCE

Illinois Association Cannot Act Except by U. S. Suggestion

MUST RESUME WORK BEFORE CONFERENCES

CHICAGO, July 30.—Coal operators of Illinois today telegraphed John L. Lewis, president of the United Mine Workers of America, refusing his request for a joint meeting of the operators' and miners' scale committees in an effort to settle the present strike of day men in the Illinois mines. The operators said they could enter into no negotiations unless Washington authorities who were responsible for the existing contract authorized the meeting.

Men Must Return to Work.

They also said they would not meet the miners' officials so long as the miners remain on strike. The operators requested that Mr. Lewis insist his men return to work and abide by the contract until federal officials hear the men's grievances. The message was signed by E. C. Searle, president of the Illinois Coal Operators Association; H. C. Adams, president of the Central Illinois Operators' Association and L. F. Lugmarch, president of the Coal Operators' association of the fifth and ninth Illinois districts.

Mr. Searle said the situation was entirely in the hands of the government. All mines in Illinois are shut down today, reports say.

In Government Hands.

The scale committee of the central competitive field, which met here today adjourned after discussing the strike situation without taking any action.

Decision of the Illinois operators to refuse Mr. Lewis' request for a conference closes the case, so far as the operators are concerned for the present. The Indiana operators took similar action and the mine owners of Ohio and Pennsylvania are understood here to concur in the decision.

The next move, Mr. Searls said tonight, must come from the government. The operators' scale committee he said no longer could function, as the government commission which fixed the existing contract rate between the operators and miners took over the powers of the scale board. There is no way, he said for the men and employers to get together except thru government arbitration.

Washington, July 30.—The new boundary line between Poland and Czechoslovakia in the districts of Teschen Spis and Orava will be fixed in accordance with the decision reached by the council of ambassadors at Spa and after certain modifications suggested by the American state department had been agreed to it was announced today by the state department. The next agreement will make unnecessary the holding of a plebiscite.

HOYNE TURNS OUT MURDER SUSPECTS

Chicago, July 30.—Jail gates swung open today for "Big Tim" Murphy; Vincenzo Cosmano and Michael Carozzo, suspected of plotting the death of Maurice Z. "Mossy" Enright, a labor leader, who was killed by a shot from an automobile as he drove up in front of his home last February.

State's Attorney Hoyne dismissed prosecution of the trio with leave to reinstate because he was unable to produce two of the state's best witnesses, who had vanished.

DELEGATES ARRIVE

Geneva, July 30.—Two hundred delegates including two from the United States are here ready for the opening of the International Socialist conference tomorrow. It is expected the attitude of Nikolai Lenin, Russian soviet premier, toward the second inter-

nationale and responsibility for the war will be the storm center.

SOLDIERS INJURED

Dublin, July 30.—Three soldiers and three Sinn Feiners were wounded last night when a body of the latter disarmed a detachment of military police in the heart of Dublin. The coup was said to have been the most audacious and spectacular that the Sinn Feiners have accomplished in disarming the military.

Springfield, Ill., July 30.—"Raise more pigs," is the advice given Illinois farmers by W. H. Van Meter, of Williamsville, a central Illinois breeder.

"I have just covered most of the territory in Illinois and eastern Iowa," Mr. Van Meter said, "and was surprised to see so few pigs in the herds of many breeders and farmers."

The superiority of Nu-Bone Cor-
sets is due to their distinct differ-
ence from all others—features
they have which no other corsets
can have. This difference is due
to the Patented Nu-Bone Stay
which is the only woven wire stay
in existence. The machines that
weave the three or five strands of
finest piano wire into the Nu-Bone
Stay are patented, owned and op-

CHILDREN ARRIVE FROM CHICAGO

Were Distributed to Various Places Where They are to Stop Without Trouble — Hope to Have Union Picnic.

The group of Chicago children who are to spend two weeks in this city and vicinity arrived over the Wabash at 5:20 o'clock Friday evening.

Those who were to receive them were on hand and they were taken to the various homes where they are to be entertained without any friction whatever.

The number was ten short of what was expected owing to a lack of transportation. However, these will be here Monday. Arrangements have been made to take four more if it can be arranged to secure transportation for them. If these four come it will make the total number for Morgan county eighty-five.

City people furnished automobiles not only for the children but for the committee in charge of arrangements so that none had to walk. The country people who had promised to entertain children were also on hand and took their charges to their respective homes.

It is hoped by the Social Service league committee to hold a union picnic for the children at Nichols park some time during their stay.

EXPRESS HORSE GETS SCARED; RUNS AWAY

An express wagon and two autos were damaged yesterday morning when a horse hitched to an express wagon, which was standing in front of T. M. Tomlinson's store became frightened and ran away. It ran across North Main street and collided with an auto belonging to W. T. Gunnells of Virginia, which was parked there, freeing itself, it ran between this and another car and fell, sliding under a car belonging to Ellis Henderson.

Both rear fenders and the rear end of the car belonging to Mr. Gunnells were badly bent. Mr. Henderson's car was only slightly damaged, and the front wheels of the wagon bent under the body and the shifts smashed. The horse was uninjured except for the loss of some hide.

Men desiring the very latest shape of most comfortable fitting summer hats should see those shown by FRANK BYRNS Hat Store.

PIKE COUNTY FARM BUREAU PLANS PICNIC

Interesting Event Will Take Place August 14 — Messrs. Cadwell and Lashbury Buy Property for School Purposes.

Griggsville, Ill., July 29.—The Pike County Farm Bureau will have a picnic at the fair grounds August 24. It is proposed to barbecue a cow on the grounds and furnish free meat for all present.

Messrs. George Cadwell and M. Lashbury have purchased the Carnes property for school purposes and have turned it over to the board of education. The gentlemen have made the purchase to give the children of this community a place to go to school this winter. Over a year and a half ago the school building burnt and since then the children have to go from one building to another for their classes.

MORGAN COUNTY FARMS NEED RAIN BADLY

Corn Crop Will Be Cut Somewhat Unless Early Rains Come—Lack of Cars Still Interfering With Wheat Threshing.

Elmer Klick manager of the Klick farm in Alexander precinct, is down from Decatur to direct threshing work. Only 200 acres is in wheat this year on the Klick farm, the acreage being considerably less than in previous years. Three hundred acres is in corn, so that a goodly percentage of the farm is growing grass this year. Mr. Klick expects the threshing work to be well under way by Monday and he will store the grain as elevators near the farm are not able to take care of it at this time.

On the Klick farm of 1,060 acres in Macon county between 200 and 300 acres is in wheat this year and threshing has been completed. On the Macon county farm 80 acres is in sweet corn as the farm adjoins a canning factory.

Mention was made recently that George E. Klick came from Macon county in an aeroplane. It was Mr. Klick's first trip thru the air and was made because of his anxiety to know the sensation of air travel and also because of the opportunity such a trip gives to look at the intervening country between the Macon and Morgan county farms. Mr. Klick is now at a coast city in Maine for a period of rest.

Another grief resulting from the continued drouth is the condition of pastures. The grass is very thin and dry now in nearly all pastures and it is because of the lack of rain that some stock shipments have been made to an unsatisfactory market. Dairymen are complaining that the dry weather is causing them to use hay at a season of the year when they are not accustomed to do so.

Prices vary considerably for hay but the general levels are lower than last year. Some sat of timothy hay has been made at \$20 a ton and from that point the price runs to \$25. Alfalfa is several dollars a ton higher than timothy.

This is another crop that the dry weather is affecting. It needs a good rain to make the third cutting of alfalfa nearly heavy. Then if the dry weather should continue it would not be safe to make a fourth cutting.

Talking again about the dry season, as so often happens under like conditions, the second crop of clover on many farms seems to be heavier than usual. So it can be safely recorded that while there are some things in present farm conditions to cause worry, that there is every reason to believe, judged by past years, that before very serious damage has been done rain will fall and the general crop returns will be just about up to the average. In Morgan county an average crop is good enough for most any farmer.

HANDSOME COVERS FOR FORTNIGHTLY PROGRAMS

Covers are Hand Painted—Work Done by Miss Bertha Mason, One of Members.

Not many clubs have hand painted covers for their programs, but the Fortnightly club of Jacksonville is fortunate enough to have a member who has made beautiful covers for the interesting program to be given out to the members in the fall. It is one of the most interesting programs of the year centering around Puritans. Fortnightly intends to have a part in the tercentenary celebration of the landing of the Pilgrim fathers.

The covers were designed by Miss Bertha Mason one of the teachers of Jacksonville. They are charming vignettes in color and suggest the idea of the program. The Puritan's life in Holland is indicated by Dutch scenes. The journey by Mayflower is recalled to mind in several ship sketches. Colonial home life is suggested by the huge fireplace in several interior scenes. And a Colonial garden in many colors and two little stage coach pictures bring back all the stories of early travel and sun-dial days.

Fortnightly has eighteen members and before these beautiful little sketches are distributed to the club members they have been loaned through the kindness of Miss Emma Daniels, chairman of the program committee, to the public library and they are on exhibit in the west reading room.

The program committee for Fortnightly consists of Miss Daniels, Mrs. W. E. Collins, Miss Mary Johnston and Miss Bertha Mason.
